EASYDISC

11/03/2023

EASYDISC

"The ideal tool for working between the rows of your vines and optimizing your yields"

Efficiency

This covercrop is the ideal tool for working your soils efficiently :

- **Breaks up weeds and destroys colds**
- **Scalp the roots**

With the EasyDisc your soil will benefit from all the ressources necessary for the good development of the vine.

Working width : 550 mm
Working depth : 55 cm

Adaptability

The coupling head is adjustable in 3 positions to simplify coupling on all types of machines.

Technical caracteristics

- **Working speed : 6 to 8 km/h**
- **8 discs 300 / 350**
- **Independent springs**
- **3 positions adjustable headstock**
- **Square gogue hitch 50x50**
